#### 14. Initiative is taken by college authority for academic and professional development of teachers

44 responses

#### 15. Suggestions

44 responses

INFRASTRUCTURE OF THE COLLEGE NEEDS IMPROVEMENT.

Infrastructure of the the college needs to be developed

Infrastructures should be developed.

College should focus on library and should increase the number of smart class.

Need more efforts for further development.

Ok

.

Effort is to be taken for developing infrastructure

Good

## ACTION TAKEN REPORT

### Action Taken Report of the Institution on Teacher's Feedback: 2022-2023

In the Governing Meeting held on 19/08/2023 the matter regarding feedback given by the teachers was discussed by the members in detail and actions were taken.

Teaching faculty made suggestions on two major areas: one the infrastructural development and two, the upgradation of the college library.

The institution has taken initiative in the infrastructural development by renovating the teaching faculty room, college office and ICT rooms. Old out of use projectors are replaced by the new functional ones for the smooth conduction of ICT based classes. Non-functional boards are replaced by the functional ones. As an infrastructural development, a pathway will be constructed between the two college buildings in the next academic session for smooth commute especially during the monsoon time. Renovation of the rooftops of both the college buildings is prioritized and immediate action is taken.

The institution has taken action for smooth online access of the library through INFLIBNET. Renovation of the library is considered an urgency. Every department is directed to give a list of books to be purchased during the academic session to make books accessible to students.
