1) **Introduction of the Course:** Social research helps the students to acquire knowledge of human society. The dynamic nature of society makes it challenging to understand to move towards progress and welfare. Social research enables us to analyse social behaviours, understand the course and accelerate its evaluation. Therefore, this course will benefit all the student of higher education and also academicians.

2) **Objectives:** The course is an introductory course on how research is actually done. With emphasise on formulating research design methods of data collection and data analysis, it will provide students with some elementary knowledge on how to conduct both, qualitative and quantitative research.

3) **Course Outcome:** Students will learn the basic knowledge in collecting primary data through various methods of data collections. The students will acquire knowledge in analytical research report writing and data interpretation. This will help students going for higher studies and also conducting field survey.

4) **Evaluation:** The registered students will be evaluated through Assignment / field survey (20 Marks). At the end of the course an examination (**MCQ**) of one-hour duration which will carry 30 marks.

5) **Qualifying Marks:** Students are required to obtain overall 40% of full marks for awarding the course.

6) **Feedback:** All the registered students will require to give feedback on the course, each relevant and experience. It will be evaluated through structured feedback form.

7) **Awarding certificate:** Registration for Add-On course is not mandatory. All courses are offered without any additional fee. After successful completion of the course all the qualified students will be provided with certificates.

- I. Classes for an Add-On Course are conducted during the Reserved Time Slot in week days or beyond the regular class hours.
- II. Student will be permitted to register only one Add-On Course in a Semester

## REPORT ON ADD-ON COURSE

Department of Sociology conducted an Add-On Course on "Research Methodology in Social Sciences" from 10<sup>th</sup> March 2022 to 24<sup>th</sup> March 2022. The course was based on both theoretical and practical surveys. The students were given classes on understanding the qualitative methods in social research. After providing the theoretical background on tools of data collection, students were taken to the neighboring village to collect data. The students conducted a field survey following the methods of household census and interview schedule. After the survey, students were taught about data analysis, tabulation and report writing. The students appeared for a test containing 20 multiple choice questions. Altogether students enrolled for "Research Methodology in Social Sciences" and a total of students successfully completed it. The course concluded on 24/03/2022 with the feedback of students and certificate awarded to them on successful completion of the Add-On course.
